ALLOWANCE

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: This application is in condition for allowance except for the presence of claims 37-50 directed to an invention non-elected without traverse in paper filed 5-5-2008 . Accordingly, claims 37-50 been cancelled.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claim 1 of this case includes limitation as to ---- plurality of conductive members----not found in claims of 7,201,589 , patent having same inventor as this case , hence the claims of this case distinguish in a significant manner over those of that patent . As to the use of the Humphries patents , applicants arguments in the Remarks are persuasive of patentability of claim 1 over those references taken alone or combined.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
